U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on FEBRUARY 6, 1977
 - Export Shipments in
Current Marketing Year
 - Daily Sales Reported
FEBRUARY 7-13, 1977
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of February 17, 1977, (based on reports from exporters for the week ending February 6, unless otherwise noted):

Wheat: Sales activity was uneventful for the third consecutive week. This is probably the result of noncompetitive U.S. prices, reduced world demand, and buyer reaction to this year's bumper world wheat crop. Portugal and Italy were the only significant buyers. USSR purchases increased by 20,300 metric tons (MT) of Hard Red Winter on a switch from unknown destinations. Exports once again remained fairly light.

Corn: Sales slowed, registering the second lowest total this marketing year (MY). Numerous changes were reported from unknown destinations to specified countries, mostly to the European Community (EC). Principal buyers included Japan, Mexico, and several EC members. Under the daily reporting system, 135,000 MT were switched from the USSR to unknown destinations for the 1976/77 MY. Exports lagged, totalling the fourth lowest this MY, undoubtedly the result of navigational problems on the inland waterways.

Barley: Interest in U.S. barley continued strong with another week of heavy sales activity. Iran added significantly to their earlier purchases but the EC continued to be the major customer. Total sales to the EC so far this MY have risen to 614,300 MT compared to 66,800 MT for the same period a year earlier. Sales to Eastern Europe have also picked up sharply over a year ago totalling more than double last year's 94,000 MT, as of this date. Sales to unknown destinations also gained during the week. West Germany has purchased 10,900 MT for 1977/78 delivery.

Grain Sorghum: Sales activity recovered after the preceding week's slump. Belgium, Portugal, and Romania were the beneficiaries as 90,000 MT of sales were shifted out of unknown destinations. Japan and Spain increased their total purchases while El Salvador, with 30,000 MT, reported their first purchase for the MY. Weekly exports picked up, totalling the fourth heaviest since October 1.

Cotton: Activity was not significant as cancellations and buy backs nearly offset the small amount of sales. Shipments totalled 127,200 R.B. -- the largest week this MY -- with Japan, Korea, Taiwan, and Hong Kong accounting for 75 percent of the outgo.

Soybeans: Sales activity continued heavy for the second consecutive week with Western Europe, Israel, and Japan the major purchasers. A 20,000 MT sale to Egypt was the first in recent years. Weekly exports were down again, totalling the smallest since early in the MY.

Soybean Cake and Meal: Sales activity was at a low ebb as total sales rose by about 50,000 MT with the EC accounting for over half of the increase. Numerous changes in destination were reported with the switch of 25,200 MT from unknown to Czechoslovakia the highlight. Exports (102,100 MT) went primarily to the EC and Eastern Europe.

Soybean Oil: Sales activity picked up with the sale of 18,000 MT to Pakistan (PL-480), however, this was partially offset by a 10,000 MT sales cancellation by India.

Rice: Sales slowed with Nigeria the week's biggest buyer. So far this MY, Nigeria has purchased 75,000 MT compared with only around 16,000 MT for the entire 1975/76 MY. Sales to unknown destinations for 1976/77 fell by 12,000 MT due to cancellations.

Oats: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS
For Week Ending February 6, 1977

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller, not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.

February 17, 1977
